SUBJECT: Networthiness Assessment for Contingency Operations and Vocational
Engineer Review Training (COVER Train) Version 2.0, CoN1-SCD01431-
281003-00-0

1. Our assessment of the SSAA, CoN Determination checklist and the NetRA and SPCA Questionnaires for Contingency Operations and Vocational Engineer Review Training (COVER Train) version 2.0, residing on the user's personal computer or base LAN, indicates it does not adversely affect the Air Force Terrestrial, Air and Space Communications Network. A formal SPCA and NetRA are not required. The CoN number issued above signifies this IT capability has been subjected to an assessment sufficient in depth to support the stated determination. Any changes to the operational posture of this capability will require a networthiness assessment before such changes may be implemented.
2. This determination does not preclude the mandatory DoD requirement for development or maintenance of the System Security Authorization Agreement (SSAA) and the Command, Control, Communication, Computer, and Intelligence Support Plan (C4ISP).
3. My POC for COVER Train is Mr. James Grogan, HQ AFCA/WFSL, DSN 779-6987, Commercial (618) 229-6987, e-mail afca.wfsl@scott.af.mil.
